SAFETY RULES:

1. Read and follow all instructions.
2. Do not place bow inlet or outlet of vacuum cleaner near eyes or ears while operating.
3. Do not expose the unit to rain.
4. Store idle tools. When not in use, the unit should be stored in a dry, high or locked-up place-out of reach of children.
5. Do not operate without filter bag in place repair or replace a damaged bag promptly.
6. Do not pick up burning materials such as lit cigarette butts.
7. Do not run vehicle's engine while cleaning.
8. Maintain tool with care. Keep bowl and fan area clean for best and safest performance. Follow instructions for proper maintenance.
9. Do not operate portable electric tools in a gaseous or explosive atmosphere. Motors in these tools normally spark, and the sparks might ignite fumes.
10. You can clean for periods up to 1/2 hour long without noticeably affecting the power of a normally charged vehicle battery in good condition. Running the vehicle engine while cleaning is not recommended and may shorten tool life.
11. For storage, wind the cord around the tool in the handle (fig. 1).

FIG. 1

FIG. 2

SWITCH OPERATION

The unit is turned on by pushing the slide button toward the nozzle end of the vac.

The tool will remain "ON" until the slide button is pulled backward to turn it "OFF".

VACUUMING INSTRUCTIONS

1. Push vacuum plug into cigarette lighter socket, and push slide switch forward to start vacuuming. Note: if vac fails to operate, clean any burned tobacco tar from lighter socket with a small wooden stick.
2. For the most efficient vacuuming, keep the filter bag clean.
3. When cleaning high-loop, pile rugs, pull nozzle in the direction shown in (Fig. 2) to avoid snagging the nozzle in the pile.

CREVICE TOOL

The crevice tool for use in hard-to-get-to areas and surfaces is pushed into the collector bowl as shown in figure (Fig. 3)

DIRT REMOVAL & FILTER BAG CLEANING

1. To remove dirt from the collector bowl, hold unit as shown in figure (Fig. 4)
2. Depress latch and swing collector bowl away and down from unit handle.
3. Place fingers into bowl and remove filter bag from collector bowl (Fig. 5)

FIG. 3

FIG. 4

FIG. 5

4. Empty dirt from collector bowl. (Fig. 6)
5. Clean filter bag by:
 - a. Brushing the dirt off the bag. (Fig. 7)
 - b. Thoroughly shaking the bag clean into the waste can, or
 - c. Hand washing the filter bag with a mild detergent or dish washing soap. After washing, put a paper towel into the filter bag and squeeze the filter to remove the retained moisture. Be sure the filter bag is dry before replacing. (Fig. 8)
6. Reassemble bowl to unit (Fig. 9), by placing rear lower edge of bowl against lower ledge on front of unit. Line up so that front of unit fits into bowl, then snap together so that upper latch snaps into place holding bowl to unit.

CLEANER PLASTIC PARTS

Use only mild soap and a rag dampened with hot water to clean the plastic parts.

Avoid all other type of detergents cleaners, or solvent which might contain chemicals that could seriously damage the plastic.

Thank you very much
